Events and Highlights of the Day The day began with Kristen, the mate of the day, playing everyone's favorite Irish jig. We all got up pretty quickly this morning because we were excited to practice our jibes on the way to Little Harbor. Plus, we had heard that the beach on Sandy Cay was beautiful! Jen and Heather made an awesome egg and cheese casserole for breakfast. After that we got underway and Will and Eric taught a hilarious lesson on Bernoulli's Principle. We thought the exciting part of our sail was over, but a pod of dolphins came up at the end and escorted us into the harbor! And as for the beach, it was even more BEAUTIFUL than everyone had said.
