Events and Highlights of the Day The day began with Kristen, the mate of the day, playing everyone's favorite Irish jig. We all got up pretty quickly this morning because we were excited to practice our jibes on the way to Little Harbor. Plus, we had heard that the beach on Sandy Cay was beautiful! Jen and Heather made an awesome egg and cheese casserole for breakfast. After that we got underway and Will and Eric taught a hilarious lesson on Bernoulli's Principle. We thought the exciting part of our sail was over, but a pod of dolphins came up at the end and escorted us into the harbor! And as for the beach, it was even more BEAUTIFUL than everyone had said.

Events and Highlights of the Day we left long bay and
sailed to the baths. there we
hiked through the rock formations
and snorkled over the reefs.
finally we were able to jump off
the jumping rock which was so much fun.
After the baths we sailed to Fat Hog
to fuel up, and then sailed to
hodes, our final destination. After
making the boat spotless we
had a delicious dinner of mac+cheese
and ribs. we then watched a slide
show of the whole trip and
gave out awards and performed
skits.
