Events and Highlights of the Day The day began with Kristen, the mate of the day, playing everyone's favorite Irish jig. We all got up pretty quickly this morning because we were excited to practice our jibes on the way to Little Harbor. Plus, we had heard that the beach on Sandy Cay was beautiful! Jen and Heather made an awesome egg and cheese casserole for breakfast. After that we got underway and Will and Eric taught a hilarious lesson on Bernoulli's Principle. We thought the exciting part of our sail was over, but a pod of dolphins came up at the end and escorted us into the harbor! And as for the beach, it was even more BEAUTIFUL than everyone had said.

Events and Highlights of the Day Today we woke up and had  
breakfast buffet with eggs. After breakfast, divers  
did a really cool Shark dive. The nondivers  
went snorkeling at Diamond Reef. The divers  
saw Sharks, Rays, and turtles. The nondiver  
motored from Marina Cay to White Bay. ~~Ph~~  
Smith also left this morning and we  
are all really sad. Once we arrived to  
White Bay, we ate lunch and went turtleing.  
Just kidding, that's mostly just snorkeling since  
there were zero turtles. We chilled on Salomé,  
came back to the boat, showered, and  
ate Yummy pesto Pasta. ~~Before~~  
During boat meeting, we saw  
bioluminescent Jellyfish:
